

The Midlantic Gallery Arts Consortium is a not for profit corporation whose mission is to generate excitement, enhance interest; and through education, build an understanding of the visual arts among the general public, gallery members, and the arts community of Southeastern, Pennsylvania.

Our vision is threefold,

1. To support emerging and established visual artists and to present their work so that a dialog is generated between the artists and all members of the community, including children.
2. To provide a forum for the visual and performing arts, creative writing and the spoken word.
3. To provide our visitors an increased awareness of fine art, to evoke creativity within themselves and the inspiration to promote fine arts in their lives.

To bring the arts to a community is a costly endeavor. To that end we are looking for benefactors to help us reach our goals.

Art is humanity's most essential, most universal language. It is not a frill, but a necessary part of communication. The quality of civilization can be measured through its music, dance, drama, architecture, visual art, and literature. We must give our children knowledge and understanding of civilization's most profound works.
